ABSTRACT OF THE DISCLOSURE

In order to provide a cumulatively dying hair color which does not require washing of the hair immediately after used and by which the hair is gradually dyed with repeating of use, the hair color comprises 0.5 to 8 % by weight of a basic dye as a coloring agent, 0.5 to 15 % by weight of an alcohol-soluble acryl base resin, 20 to 80 % by weight of a lower alcohol and 5 to 50 % by weight of water.

The above constitution provides a hair color which is

10 excellent in a cumulative dying property and usability and which
has excellent water resistance against sweat and rain in a hot
and humid period such as a summer season.
